

ETP-400K – Keypad Emergency Phone

Description

The **ETP-400K** is an outdoor-rated, ADA-compliant hands-free Emergency Phone with Keypad for use in locations such as: medical centers, college campuses, access controlled areas, and industrial parks.

Features

- Typically used on a PBX line, keypad can be used to make calls to numbers authorized by you
- Cast metal raised letter and Braille signage for ADA compliance
- Vandal resistant stainless steel faceplate and metal button
- Phone line powered: no power supply or battery back-up needed
- Circuit boards are conformally coated for water protection
- LED indicator for hearing impaired
- Auxiliary input and outputs to integrate with CCTV, Blue Light Strobe, Scream Alert™ and other devices
- Built-in auto-dialer can dial two numbers: if first number doesn't answer or is busy, dials second number
- Auto-answer allows security to monitor and initiate calls with Emergency Phone
- Options available that offer the ability to automatically identify attendant of location of calling phone by recorded message and digital display
