**BLUE LIGHT BEACON** 

This checklist provides items to review at each Blue Light Phone ranging from the blue light to verifying operation of the call station.

Is the blue light constantly lit?
Does the blue light flash or strobe when the Call Station is activated?
If "no", to any of these questions, order <b>Model ETP-EL</b> or <b>ETP-EL12/24</b>
LED PANEL LIGHT
Is the light above the call station (used to illuminate the faceplate and buttons) always-lit?
If "no", order P/N <b>68590</b>
CALL STATION
When the primary red button is activated, does the call station dial out and establish two-way communication?
(If present) When the secondary black button is activated, does the call station dial out and establish two-way communication?
(If present) When the secondary black button is activated, can the keypad be used to autodial preset phone numbers using any of the 0-9 keys? Or does the keypad function when used during an active call?
ls audio clear and intelligible through the hands-free speaker?
Can the remote (attendant) side hear the person clearly at the blue light phone?
Are the "CALLING" and "ANSWERED" LEDs operating as expected during an active call?
Are the ADA-compliant raised letters and braille in good condition?
If "no" to any of these questions, consider:
VoLTE Retrofit Kit
ETP-520 Series Analog Call Station VOIP-500/VOIP-600 Series IP Call Station
TOWER
Is there damage to the paint finish?
└─• If "yes", order:
If "yes", order: Larger areas: TU-PNT for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: TU-PNT-BTL for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.
Larger areas: <b>TU-PNT</b> for a larger two-part touch-up paint kit. Specify standard color w/ order.
Larger areas: <b>TU-PNT</b> for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: <b>TU-PNT-BTL</b> for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.
Larger areas: <b>TU-PNT</b> for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: <b>TU-PNT-BTL</b> for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.  Has the lettering been vandalized (e.g., missing letters or damaged)?
Larger areas: TU-PNT for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: TU-PNT-BTL for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.  Has the lettering been vandalized (e.g., missing letters or damaged)?  If "yes", order P/N 67447 (one per side requiring replacement)
Larger areas: TU-PNT for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: TU-PNT-BTL for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.  Has the lettering been vandalized (e.g., missing letters or damaged)?  If "yes", order P/N 67447 (one per side requiring replacement)  Are there missing faceplate screws for the Call Station?
Larger areas: TU-PNT for a larger two-part touch-up paint kit. Specify standard color w/ order. Smaller areas: TU-PNT-BTL for 1/2 oz. touch-up paint bottle. Specify standard color w/ order.  Has the lettering been vandalized (e.g., missing letters or damaged)?  If "yes", order P/N 67447 (one per side requiring replacement)  Are there missing faceplate screws for the Call Station?  If "yes", order P/N 42935 (one screw)
